

HOW DOES "SHARE THE WARMTH" HELP?

Share the Warmth is annual donation drive sponsored by NASA (with support from the entire NAIT community) with two key goals: raising awareness about the plight of Edmonton's less fortunate in the winter as well as collecting ****NEW**** warm clothing (socks, gloves, toques, scarves etc.) for various Edmonton-based charities. To date, we have collected and delivered more than **14,650** new items!

Our charities for the 2014 campaign are: Boyle Street McAuley Health Centre, Hope Mission, Elizabeth Fry Society of Edmonton, and the Bissell Centre.

2014 Statistics: Edmonton's Homeless Commission – There are approximately 2100 homeless persons in Edmonton.
