

Message from Peter Kamstra for VP Membership Services

Campaign Message #2

Hello:

My first message was about my experience and insight and how it can help NASA and our members now and into the future.

Today I want to outline a short list of what I can bring to the table to help NASA:

12 years of dedicated experience to NASA.

Commitment - once I take it on, I never give up.

Communication - factual, clear, and open.

Belief in the importance of NASA to protect your rights.

A concrete **Understanding** of the collective agreement.

With your support we can ensure NASA protects its members now and into the future.

Please consider voting for Peter Kamstra for “VP of Membership Services”

A handwritten signature in black ink that reads "Peter Kamstra". The signature is written in a cursive, flowing style.

If you have any questions, concerns or comments, please reach out to me at
